

Amane Takeshi

Audition Sides:

1: *(Reading a book, not paying attention, annoyed)*

My name isn't "cutie", it's Amane. Or are you too stupid to read name tags?

2: *(Dismissive)*

We're not friends, we never have been. Our parents just shoved us in a room and told us to get along. That's not enough reason for me to trust you.

3: *(Inquisitive, showing minor interest)*

However, I am interested in your deck, and what kinds of cards it has in it. I have never seen anything like it before.

4: *(In the middle of tearing another guy down)*

Fine, I'll duel you, and if you win, I'll go out with you. I only accept this challenge because you have a 0% chance of pulling it off.

5: *(Summoning her best card)*

Breath colder than absolute zero, cover the world in a winter that freezes the souls of man! Manifest! Flowers in Winter Dust, Shirayuki!
