

## Gene Nobara

### Audition Sides:

1: *(Providing criticism)*

While I think your deck is impressive, you're not really using these cards to their full potential. For example, take a look at this.

2: *(Explaining)*

The fact of the matter is, your Neoforce cards aren't JUST Neoforce. They're also Armored Dragons. This means you can use cards like "Call for Reinforcements" to add Shining Drakid to your hand. Make enough sense?

3: *(Giddy, ecstatic)*

It's working! The deck is working! Yuno stands no chance in the finals!

4: *(Scolding)*

Kazura, for the love of all that is good, do not throw the couch out the window.

5: *(Summoning her best card)*

Eternal youth, life beyond life! Dance across the stars, and deliver us to the ideal world! Neverworld Queen, Titania!
