

## Kouji Ryuko

### Audition Sides:

1: *(Silent, emotionless, and threatening)*

These scars are proof that I'm not meant to lose yet. I still have much to do.

2: *(Silent, emotionless, and threatening)*

If you would just accept your fate, you wouldn't be in such pain. My victory is a promised conclusion.

3: *(Silent, emotionless, and threatening)*

Your skills aren't even worth an appetizer. You're a pathetic excuse for prey.

4: *(Giddy, has a huge grin on his face)*

The best part about an immortal dragon is that I can kill it in painful ways as many times as I want!! Just listen to it scream for mercy!!!

5: *(Summoning his best card, keep the huge grin)*

I can hear them, the echoes of silence! I can feel them pulsing through my body! They hunger, they thirst, they demand annihilation!! Descend! Dragon Deity of Destruction, TITAN!
