

# Luna Hoshizaki

## Audition Sides:

1: *(Insulted, taunting)*

What's wrong? You didn't attack. Are you scared, or are you insulting me?

2: *(Disappointed in her opponent)*

Your wish is shallow, like the thoughts and wishes of a child. I won't lose to anyone with such shallow ambitions.

3: *(Determined)*

A lion does not fear its prey fighting back. Attack all you like, you will still be consumed by the sea in the end!

4: *(Flustered, emotionally breaking down)*

Impossible, I cannot be defeated by someone like you! I am the heir to the Hoshizaki fortune, the chosen one to win this war! And you are nothing!!

5: *(Summoning her best card)*

Wash away the darkness, silver glow of beauty! Pierce the shadows with your arrows of light! Come forth! Star Dragon of the Moon, Artemis!!
