

Shuka Mamoru

Audition Sides:

1: *(Fake emotional appeal)*

Ladies and gentlemen, I appear before you today to ensure this heartless monster is locked behind bars, so he can never hurt anyone else again!

2: *(Ecstatic, teasing)*

Are you sure you want to attack? The blast might end up hitting your so-called "brother". What do you care about more? Winning? Or your "friends"?!

3: *(Taunting)*

Hah! I should have known a mindless brute like you would take the cowards way out! Justice wins yet again!

4: *(Vengeful, cruel)*

The fact you are even considered to be a suspect means you must be guilty of something. I can see it in your eyes, a soul that needs to be served justice.

5: *(Summoning her best card)*

All who are guilty will fall down on their knees! Their voices crying out for repentance, to be met only with the swift drop of the gavel! Pass Judgment! Star Dragon of Venus, Aphrodite!
